Dear Sir/madam,

RE: INDUSTRIAL ATTACHMENT FOR WANGECI ESTHER WANJIRA

The student is in the third year of study.

As part of the training, the student is required to undertake a three (3) months industrial attachment period from May to August 2023. The attachment serves as a supervised opportunity to practice the various skills learnt and acquire experience in the industry while at the same time offering future employers an opportunity to assess the suitability and relevance of programmes offered to the students by the university.

Your station has been identified as suitable place for the undertaking. Kindly, allow our student in your institution for this learning process. Should you require additional information, please contact the undersigned. Thank you for continued support in this important exercise.
